

2000 Sunsets

Babe Ruth

2000 Sunsets have fallen from the skies
Like tears on fire with love
2000 windows have watched
Behind my lives and somewhere above
Just needin' you and wondering why

So many heartaches have risen from my soul
Like lovers in need of each other
So many tears have shone
Behind my smile for love could only hold a key
Just holdin' you and lovin' you with all I got
Just holdin' you and lovin' you with all I got
