Calling Occupants of Interplanetary Craft

Babes in Toyland

In your mind you have capacities, you know
To telepath messages through the vast unknown
Please close your eyes and concentrate
With every thought you think
Upon the recitation we're about to sing

Calling occupants of interplanetary craft Calling occupants of interplanetary Most extraordinary craft

You've been observing our Earth And we'd like to make a contact with you We are your friends

Calling occupants of interplanetary craft Calling occupants of interplanetary Ultra-emissaries

Yes, we've been observing your Earth And one night we'll make a contact with you We are your friends

Calling occupants of interplanetary Quite extraordinary craft

And please come in peace we beseech you Only a landing will teach them Our Earth may never survive So do come, we beg you Please interstellar policeman Won't you give us a sign Give us a sign that we've reached you

With your mind you have ability to form And transmit thought energy Far beyond the norm You close your eyes, you concentrate Together, that's the way To send the message We declare World Contact Day
