

## House

## Babes in Toyland

Stubbed my toe running to your house  
Broke my leg running to your house  
Lost my head running to your house  
Broke my crown running to your house

Oh my God  
Is this what it feels like to be in love?  
Is this what it feels like?  
Oh my love  
It feels like God

Just you shut my mouth  
Just try and shut my mouth

Stubbed my toe running to your house  
Broke my leg running to your house  
Lost my head running to your house  
Broke my crown running to your house

Well, oh my God  
Is this what it feels like to be in love?  
Is this what it feels like?  
Oh my love  
It feels like God

Just you shut my mouth  
Just try and shut my mouth  
Mad pilot fly  
Just try and shut my mouth  
Mad pilot fly
