Babes in Toyland

Memory hide and seek halloween men or me
You decide what's on the mind coming in from
The other side look what you done to me
Following following look what you done to me
Shadowing shallowing

The other side
I knew you first
I loved you first
I am the first
Pokin' naked Ruthie with a sharp-end stick shit
I am mean

Memory hide and see halloween you know me
You decide what's on the mind coming in from the other side
Look what you done to me following following
Look what you done to me sallow & shallowing

The other side
I knew you first
I loved you first

You decide what's on the mind coming in from the
Other side look what you done to me....
