

Oh Yeah!

Babes in Toyland

Widowspeak but do not see the seer for the
Forest trees souled an enemy comes through
Dafeel complete with me or absolute

Oh yeah inliar or what

You can't map reality the light is pure green
Energy I'm so alive got nine foot eyes
I see through violet's thin disguise

Oh yeah enlightya or what

The whole world's out in front of me all
Sugar coated phallusy I will not follow
Stupid sheep I will not bow I will not peep

Oh yeah elijah or what

Kettle black I caught your act you can not
Get away with that caustic bullshit
Second sight or second's up or short
On sight
