

Surd

Babes in Toyland

I follow my sight sound
You mind seeing eye sound
I recovered rebound
Your silence is unsound
I carried your weight around
You leave me to fly down
I shine inside surd sound
Time lives inside rewind
(I can\'t be what you need
I can see into eternity)
I dove so to see down
I followed my sight sound
Your silence is unsound
I can\'t be what you need
All of me
It\'s all inside of me
