

# Goodnight

Babybird

1. I hold you closely you push me a-way  
I want for-ever you just want to-day  
Give me your fingers wash out your mouth  
Bite off my tongue on this bloody couch

R1: But I don't blame you you're always right  
I'm like a bad day on your good good night

2. I hear the tick of a bomb-ah all you hair in a fuse  
You asked me for a light to blow away these blues  
Run me a bath then plug me in  
I'm like a TV learning to swim

R1: But I don't blame you...

Mmmm mmm Mmmm mmm Mmmm mmm Mmmm mmm  
Mmmm mmm Mmmm mmm Mmmm mmm Mmmm-mmmm

3. I hold you closely you push me a-way  
I want for-ever you just want to-day  
Give me your fingers wash out your mouth  
Bite off my tongue on this bloody couch

R2: But I don't blame you you're always right  
I'm like a bad day on your good good night  
But I don't blame you you're always right  
I'm like a bad day on your good good good good night
