

Drama, Love & 'Lationships

Babyface

Its not about who's right or who's wrong
Its not about who's weaker or who's strong
Its not about who's innocent or who's fault
It ain't really bout that kinda thing at all
Its not about who does it or done it or did it to who
Don't matter if the, you lose
Its really not bout nothing except for me and you girl

Its about drama and love and 'lationships
And when the going gets tough you deal with it
And you don't ever you never walk away from it
You hold on you be strong
Its about drama and drugs and making it
If your somebody messed up you dig it in
Don't let nobody come between you you just stay with it
You hold on and be strong
And hold on, yes you do

Its not about the stupid things that we say
Were always saying stupid things anyway
Its not about the secrecy of the lines
Girl everybody's got a secret to hide
Its not about who was it who was she who's creeping on who
Won't matter if the both of us lose
Its really not bout nothing, 'cept for me and you

Ain't bout your pride
Ain't bout yourself
Its bout you do it to and no one else
Ain't bout the her
Ain't bout the lies
Ain't bout the crazy things that's running through your mind
Its bout the love that's supposed to last and never dies
