

Fight for Love

Babyface

Love

What does it take to make you stay
And never fade
We all make our mistakes
Sometimes we stray
Sometimes we lose our way
Through all the tears and all the pain
My love for you has never changed
And I won't walk away from you
Never from you girl

You know everything about me
I know everything about you
Love like ours you know it really don't happen every day
For as long as I remember
You and I have been together
It's been hard for you and me but we seem to find a way
You gotta give me your love
I gotta give you my love
We gotta never give up
We gotta fight for love fight for love fight for love

Love

What does one do when you're about to lose
The one that means everything
When things fall apart
If you trust in your heart
You'll make it through anything
Through all the tears and all the pain
My love for you has stayed the same
And I just won't give up on you
Never on you girl

You know everything about me
I know everything about you
Love like ours you know it really don't happen every day
For as long as I remember
You and I have been together
It's been hard for you and me but we seem to find a way
You gotta give me your love
I gotta give you my love
We gotta never give up
We gotta fight for love fight for love fight for love

Fight

And I'll fight for you
Fight
And you'll fight for me
Fighting
And we'll wear this thing
Baby this the way it's supposed to be
When we fight for love
Love fights for us
I'll fight for you
And you'll fight for me

You know everything about me

I know everything about you
Love like ours you know it really don't happen every day
For as long as I remember
You and I have been together
It's been hard for you and me but we seem to find a way
You gotta give me your love
I gotta give you my love
We gotta never give up
We gotta fight for love fight for love fight for love

We gotta fight for love fight for love fight for love
