

# Standing Ovation

Babyface

I can't imagine how you be gettin' through your day  
It must be hard when you be carryin' it all the way  
But even with that I see you, you rarely do complain  
You give your heart and soul and still they don't appreciate  
Man to woman I got nothin' but respect for you  
Just knowing you got to deal with all the thing we put you through sooo  
I give the standing O to you, I raise my glass to you

I won't pretend to know, I can't begin to know  
I'm fascinated on the daily how you do the things you do  
Man to woman I ain't got a clue though, on no  
Girl I'm so mesmerized, I'm even mystified  
Your perfection shows in everything n daily things you do  
Man to woman I ain't got a clue no  
So amazing how you do all that you do oh  
Suffice to say my hat goes off to you  
A standing ovation  
And I just want to give a standing O to you  
A standing ovation

I can't imagine myself walking in your shoes  
Its not even worth a try, I know that I would lose  
You just extraordinary way above the ordinary  
There ain't no conversation in the way since gods creation  
Man to woman I can't help but be in awe of you  
No matter what the deal somehow you always make it through soooo  
I give the standing O to you, I raise my glass to you

I won't pretend to know, I can't begin to know  
I'm fascinated on the daily how you do the things you do  
Man to woman I ain't got a clue though, on no  
Girl I'm so mesmerized, I'm even mystified  
Your perfection shows in everything and daily things you do  
Man to woman I ain't got a clue no
