

# Hammer swings down

Babylon A.D.

We were riding the neon trail  
Between heaven and hell  
And she acted like she loved me  
But I knew her too well

But that ain't the end of the story  
She thought that she'd just slide away  
Don't ever hang a man by the end of his rope  
'Cuz he's sure to explode and you know you will pay

When the hammer swings down  
Like a thundering sound  
Of a ship hitting ground  
When the hammer swings down  
Like a wild cat strikes  
I'll be hunting tonight for you  
Baby, for you

Well she thought she was something special  
Better than me  
And she danced with my heart and desire  
Shattered my dreams

But that ain't the end of the story  
Like a snake, she thought she'd slide away  
I was played for a fool for her emotional pleasure  
Now I'm gonna strike, she's gonna break

When the hammer swings down  
Like a thundering sound  
Of a ship hitting ground  
When the hammer swings down  
Like a wild cat strikes  
I'll be hunting tonight for you  
Baby, for you, whoa!

Swing, swing, swing, swing!

Yeah, yeah, yeah!

When the hammer swings down  
Like a thundering sound  
Of a ship hitting ground  
When the hammer swings down  
Like a wild cat strikes  
I'll be hunting tonight

When the hammer swings down  
Like a thundering sound  
Of a ship hitting ground  
When the hammer swings down  
Like a hand through your heart  
Gonna rip you apart  
When the hammer swings down  
Yeah, yeah, yeah  
When the hammer swings down!
