

Let's turn off the light and charge ourselves with energy
Now seems to begin a hilarious midnight
Let's write "serious" and read it as really
It's time to get hyper under the sparkling mirror ball

Squid, squid. I want to eat squid arms
I prefer dried squid
No, no. It makes you like a middle-aged man
Why don't we choose cute sweets?

Hey, boys and girls
packing lots of your sweets and your dreams
now gather
in my house! It's a party night

You and me. You and me
Tonight is a cheerful, hilarious midnight
Curfew, Closing time
no, no, no. no way!
It continues still more
Glittering bright!

Let's turn off the light and charge ourselves with energy
Now seems to begin a hilarious midnight
Let's write "serious" and read it as really
It's time to get hyper under the sparkling mirror ball

Hilarious midnight

Hilarious midnight

Midnight

Hey, boys and girls
eating lots of the sweets and the dreams
now jump out
of my house! It's a party time

You and me. You and me
Tonight is a cheerful, hilarious midnight
Curfew, Closing time
no, no, no. no way!
It continues still more
Glittering bright!

I'm becoming sleepy and I feel full.
But now is coming the climax.
My eyes get bleary, I rub them, and really?
Let's get hyper! Glittering bright!

Let's turn off the light and charge ourselves with energy
Now seems to begin a hilarious midnight
Let's write serious and read it as really
It's time to get hyper under the sparkling mirror ball
