Call me Up

You came to me- a shadow in the Night  
A Love Connection hiding from the Light  
In Darkness here again-true Agents of the Wind  
Conspiracy is never out of-never out of sight.

We'll rendezvous in Paris or L.A  
In secret Bars or in Midnight Cafes  
Beneath the Velvet Moon  
The time will pass real soon  
Before we part I have to say to you

Call me Up-  
Right away  
I'll do anything you want or say  
Secret Love  
Hidden Doors  
And the Night Time will become our Day  
Let me into your Heart-promise me that we'll never part.  
Only you know that I am your undercover Love.

In Gaslight avenues we have our Fun-  
With Jungle Heat-and tigers on the Run  
Is Life too short to play-  
The secret Agent Way-  
Can Lovers on the Airways be as one

Call me up...
