Can't Help Falling In Love

Wise men say Only fools rush in But I can't help Falling in love with you

Shall I stay Would it be a sin If I can't help Falling in love with you

Like a river flows Surely to the sea Darling so it goes Some things are meant to be

Take my hand Take my whole life too For I can't help Falling in love with you

Like a river flows Surely to the sea Darling so it goes Some things are meant to be

Take my hand Take my whole life too For I can't help Falling in love with you

For I can't help Falling in love with you Baccara
