I'll miss your smile
Your loving eyes.
The way you look at me
Just make me realize
Now that you wave
Your last goodbye
Deep in my heart I feel
Our love will never die.

I call your name
But you're walking away.
Carino to make you stay
With me forever and ever.

Carino
How am I to carry on,
How can I hold on so long?
Fuerte carino
Stay with me oh carino
To let me my summer love.
I pray to the skies above
Carino

Carino
Fuerte carino

Through sleepless nights
I'll think of you.
I know I'll never find
Another love so true.

I call your name
But you're walking away.
Carino to make you stay
With me forever and ever.

Stay with me oh carino
To let me my summer love.
