

# Don't Play Me A Symphony

Baccara

Don't play me a symphony  
A simple song will do

Diamond rings  
Sparkling bright  
Gold and silver things  
Candle lights  
But I wish you bought  
Real light  
One day you understand  
The meaning in my eyes

Don't play me a symphony  
A simple song will do  
Don't buy me no jewellery  
Won't make my dreams  
Come true  
Fancy cloths I never wore  
And books I never read  
All I want is your  
Love is all I need

Don't play me a symphony  
I'd rather hear a song  
Harm a note and melody  
So I can harm along  
Love is all I have to give  
And love is all I need  
All I want is your  
Love is all I need

Sympathy is not allowed  
When you talk to me  
You don't shout  
If you gave more  
More of your life  
I could easily  
One day be your wife.

Don't play me a symphony  
A simple song will do  
Don't buy me no jewellery  
Won't make my dreams  
Come true  
Fancy cloths I never wore  
And books I never read  
All I want is your  
Love is all I need

Don't play me a symphony  
I'd rather hear a song  
Harm a note and melody  
So I can harm along  
Love is all I have to give  
And love is all I need  
All I want is your  
Love is all I need

Love is all I have to give  
And love is all I need  
All I want is your  
Love is all I need
