

Spend The Night

Baccara

Don't wanna go out dancing
Don't wanna see the lights
Don't wanna go to the party with you
Just wanna spend the night

Don't wanna go to the movie show
Don't wanna see your friends
Don't wanna go to the special place, you know
I wanna spend the night with you

With you... with you...
I wanna spend it with you

Don't wanna go on a carusel
It was annoy too
Let's just to here and turn the light some low
And spend tonight with you

So let us burn the candle bright
And open up so good old wine
And let us drink a bottle sweet and nice
I wanna spend my time with you

With you... with you...
I wanna spend it with you
I wanna spend it with you
I wanna spend tonight with you...
