

## Spend The Night

Baccara

Don't wanna go out dancing  
Don't wanna see the lights  
Don't wanna go to the party with you  
Just wanna spend the night

Don't wanna go to the movie show  
Don't wanna see your friends  
Don't wanna go to the special place, you know  
I wanna spend the night with you

With you... with you...  
I wanna spend it with you

Don't wanna go on a carousel  
It was annoy too  
Let's just to here and turn the light some low  
And spend tonight with you

So let us burn the candle bright  
And open up so good old wine  
And let us drink a bottle sweet and nice  
I wanna spend my time with you

With you... with you...  
I wanna spend it with you  
I wanna spend it with you  
I wanna spend tonight with you...
