

Gotta Let You Go

Bachelor Girl

Ooh
I gotta let you go
Ooh
I gotta let you go
It's a sad day
But some good will come of it I guess
And maybe it'll be for the best
As you walk away I know
I gotta let you go
It's not easy
Watching something you cherish fade
But it's the only choice that I can make
You wanna be somewhere else I know
I gotta let you go
Ooh
I gotta let you go
Ooh
I gotta let you go
It's OK
There's really nothing you can say
And I don't hate you that it's gone this way
Some things just ain't meant to be
And I gotta let you go
Ooh
I gotta let you go
Ooh
I gotta let you go
I still can't figure why
Joy can erase in the blink of an eye
You no longer need me
Just when I let you belong in my life
We had something
But whatever it was has gone
And I gotta let you go
So don't stay here
If you wanna move on
I gotta let you go
Ooh
I gotta let you go
Ooh
I gotta let you go
There's no reason
We should still be holding on
And I gotta let you go
So don't stay here
If our chances have gone
I gotta let you go
Ooh
I gotta let you go
Ooh
I gotta let you go
