

Wild Spirit

Bachman-Turner Overdrive

I'm a wild spirit and I've always been this free
Lovin' the skies that I'm under
Born to the wind, I've been flyin' thru the breeze
Storms roll on filled with thunder

Fighting ways are natural to me
Friday nights you'll find me in 'Lees'
Drinkin' brew and braggin' with ease
Makin' time with ladies I see

I'm a wild spirit, women set the spirit free
Can't break the spell that I'm under
Love to break a heart, I'm together, no not me
End up holding my number

A woman full of love is a tease
Love to me is like a disease
Take your lady, give her the squeeze
If she cries, it's just that she's pleased, so pleased

I'm a wild spirit, I take everything I see
Livin' one day to another
Winning is a thrill and I'm making sure it's me
Thrivin' on the strain that I'm under

Fighting ways are natural to me
Friday nights you'll find me in 'Lees'
Drinkin' brew, braggin' with ease
Making time with ladies I see, you see
