

Downpour

Backstreet Boys

I been walking around
Inside a haze
Between the lines of reason
Hiding from the ghost
Of yesterday
Feels like I'm barely breathing

I-I wanna feel the rain again
I-I wanna feel the water on my skin And let it all just wash away
In a downpour
I wanna feel the rain
Na na na na
Feel the rain
Na na na na

I've been losin' days
The shades pulled down
I still can't face the sun

But I-I'm goin' crazy
I can't stay here
I've gone completely numb
I just wanna need someone

Oh no
I thought you were the only one girl
But now I think I was wrong
Cause life goes on
Na na na na na...

I've been walking around inside a haze
Oh I...

In a downpour feel the rain
Feel the rain

I wanna feel the rain
