

# Lay Down Beside Me

Backstreet Boys

Something about the way you moved  
That caught my eye  
I really did have to try it, yes  
I can't deny it  
The way your body swayed  
As I watched you from behind  
That got me so excited  
How could I fight it  
Baby let me be the one to hold you  
To give you the things I know you need  
You know that we could wait another life time  
And we can never find a love just like this

If you lay down, lay down beside me  
You can get all inside me  
And I can get all inside you too  
If you lay down, lay down beside me  
You can wake up beside me, forever  
Forever and ever  
Forever and ever, baby

Let's take this chance to get to know each other better  
Baby we will discover that we can be more than lovers  
I'll give you what you need  
Just come to me and get it  
Baby you won't regret it

No, no, no baby  
Baby move a little closer, yeah  
I wanna feel your body next to mine  
And before this night is over  
You will know what it means  
To make love until you scream

If you lay down, lay down beside me  
You can get all inside me  
And I can get all inside you too  
If you lay down, lay down beside me  
You can wake up beside me, forever  
Forever and ever  
Forever and ever, baby

Tonight, (tonight) we'll find  
Find just what what we've been looking for  
Good, good lovin and a whole lot more  
So hold on, hold on real tight  
Hold me and don't you let go  
Until I tell you to

If you lay down, lay down beside me  
You can get all inside me  
And I can get all inside you too  
If you lay down, lay down beside me  
You can wake up beside me, forever  
Forever and ever  
Forever and ever, baby
