

# What I Know Now

Backstreet Boys

Life should be like a game of cards  
You make a mistake, shuffle the deck and start over  
It should be just like driving in your car  
Get lost and your navigation system gets you closer

But there ain't no handbook; you're on your own  
Got no instructions when it comes to love  
Coz once you do something can't be undone  
Wish I could take back letting you go

If I knew then what I know now  
I wouldn't have said I don't need you around  
Alone in this mess, silence is so loud  
So I would treat you the best  
Baby, if I knew then  
What I know now (what I know now)  
What I know now (what I know now)  
What I know now (what I know now)  
Yeah, I would treat you the best  
Baby, if I knew then what I know now

Life should come with remote controls  
Then I could rewind it to the time it was better  
It should have a restart button so  
I could travel right back to the day that I met her

But there ain't no handbook; you're on your own  
Got no instructions when it comes to love  
Coz once you do something can't be undone  
Wish I could take back letting you go

If I knew then what I know now  
I wouldn't have said I don't need you around  
Alone in this mess, silence is so loud  
So I would treat you the best  
Baby, if I knew then  
What I know now (what I know now)  
What I know now (what I know now)  
What I know now (what I know now)  
Yeah, I would treat you the best  
Baby, if I knew then what I know now

Coz there ain't no handbook; you're on your own  
Got no instructions when it comes to love  
See, once you do something can't be undone  
Wish I could take back letting you go

If I knew then what I know now  
I wouldn't have said I don't need you around  
Alone in this mess, silence is so loud  
So I would treat you the best  
Baby, if I knew then  
What I know now (what I know now)  
What I know now (what I know now)  
What I know now (what I know now)  
Yeah, I would treat you the best  
Baby, if I knew then what I know now

If I knew then what I know now  
I wouldn't have said I don't need you around  
Alone in this mess, silence is so loud  
So I would treat you the best  
Baby, if I knew then  
What I know now (what I know now)  
What I know now (what I know now)  
What I know now (what I know now)  
Yeah, I would treat you the best  
Baby, if I knew then what I know now
