Ghetto You

Backyard Babies

You wanna hear a story A story `bout a broken man You're just trippin' nowhere Or is it hard for you to understand That i'm a man

I'm so sick and tired of you You better not touch me I'm so sick and tired of you And the crazy things you do I'm getting sick and tired I'm getting sick and tired

And i'll die just to get to you Baby, I will lie just to get to you But I ain't never gonna cry

So you wanna hear another story Another story in a different place But when it comes to lovin' I will leave you with a broken face `cause i'm a man

I'm so sick and tired of you You better not touch me I'm so sick and tired of you And the crazy things you do I'm getting sick and tired I'm getting sick and tired

And i'll die just to get to you Baby, I will lie just to get to you But I ain't never gonna cry No way

I don't believe that I will live forever But I do believe that I will die And i'm gonna drive by a hundred miles `cause i'm a high-flying sucker with a super smile

Die

Just to get to you Baby, I will lie just to get to you But I ain't gonna cry Just to get to you Baby, I will die Just to get to you Baby, I will die, die Just to get to you And, baby, I will lie Just to get to you But I ain't gonna cry Just to get to you But, baby, I will die Just to get to you
