## Backyard Babies

Alright

Here you go, you really wanna make it  
There you go, I know you can't take it  
I don't know but I don't think you'll pass the test

You'll be a castaway  
And yes, you are slipping away  
And no, you're not number one

One by one  
Now if we can take all this outside  
It's just a walk, run and hide  
One by one  
You idiots, I'll take you one by one

If I can make you turn around  
I would bury you underground  
One by one  
You idiots, I'll take you one by one

You, I've never felt this bad, I can't take it  
Take this one to your heart and if we make it  
I don't know but I don't think you were the best

I think you're fakin' in vain  
And now you are screamin' in pain  
And no, you're not number one

One by one  
If we can take all this outside  
It's just a walk, run and hide  
One by one  
You idiots, I'll take you one by one

If I can make you turn around  
I would bury you underground  
One by one  
You idiots, I'll take you one by one

I've no intentions after all  
But I will smile when you rise and fall

One by one  
If we can take all this outside  
It's just a walk, run and hide  
One by one  
You idiots, I'll take you one by one

If I can make you turn around  
I would bury you underground  
One by one  
You idiots, I'll take you one by one
