

## Kickin' Up Dust

## Backyard Babies

Good girls go to heaven  
Bad boys go to hell  
And I believe in miracles  
That's what my Jesus said

Rich man lives in whorehouse  
They were always built on sin  
But I swear to God that I will tell the truth  
If I only knew what it was

On your own with a bad boy smile  
Mama, kickin' dust around you  
On your own with a bad boy smile  
I'm living my life without you

Good girls go to heaven  
Bad boys go to hell  
And I believe in miracles  
That's what my Jesus said

Rich man lives in whorehouse  
They were always built on sin  
But I swear to God that I will tell the truth  
If I only knew what it was

On your own with a bad boy smile  
Mama, kickin' dust around you  
On your own with a bad boy smile  
Living my life without you

One day I found my friend  
But the old-man didn't know  
He prayed to the lord and asked him why  
He gave him a son like this

Father couldn't realize  
And that really made me blue  
Going down on the road to paradise  
With a six pack getting drunk

On your own with a bad boy smile  
Mama, kickin' dust around you  
On your own with a bad boy smile  
Living my life without you

Good girls go to heaven  
Bad boys go to hell  
And I believe in miracles  
That's what my Jesus said

Rich man lives in whorehouse  
They were always built on sin  
But I swear to God that I will tell the truth  
If I only knew what it was

On your own with a bad boy smile  
Mama, kickin' dust around you

On your own with a bad boy smile  
Living my life without you

On your own with a bad boy smile  
Mama, kickin' dust around you  
On your own with a bad boy smile  
Living my life without you
