I've been here, been there
I've been every God damn where
You're a robber of life
And if you were a woman would you be my wife

I'm no loser in the end
Don't tell me that you understand
`cause everything is just a frame
Come on

I'm no sucker you can bend I've got a rendezvous in hell Life for me is just a game Where everybody's crazy!

I know that jesus was a fool
Maybe he was kinda wool
But I don't know what to do no more
When everybody's crazy

I've been here, been there
I've been every motherfuckin' where
You're a robber of life
And if you were a woman you would be my wife, I swear

Tonight you wanna do some

Tonight you wanna be one

One of `em guys who sold their souls

For the rock n' roll remote control

You switch your channel and do what you're told

I can't lie, I won't cry

But maybe i'll meet him before I die

Too soon it's too late, man

Am I angel or concrete hate?

But I got horns and I got wings

But I won't fly until my angel sings for me

They say fly, they sing

They say die, I say why?

But I won't let `em in the ring

It's gonna take some time `til my angel sings
