

## Break Your Frame

Bad Astronaut

It's safe to be lonesome in your time  
It's safe to lose your find  
But you're too sick to call or cry  
'Cause you're hating all the faking  
The kind of hate that evil just embraces  
And I've given up on people right now  
I've given up on anger, so I've given up on you.  
You know it's true, you're gonna lose  
It really doesn't matter who you choose  
Break your frame, break your frame  
There's no one left to blame  
Break your frame, break your frame  
There's no one left to blame  
And you're hating

Well I might break your heart  
In time you fall apart  
And I was sad when I heard the news  
I heard you fell apart  
Break your frame, break your frame  
There's no one left to blame  
Break your frame, break your frame  
There's no one left to blame
