

A World Without You (Michelle)

Bad Boys Blue

The bright light of the boulevard
Is shining in your tender eyes
Your perfume is exciting me
It's still the same

Michelle, how I love when we love
And I love when you whisper "je t'aime"
Michelle, mon amour
Is it true?
Do you feel the way I do?

A world without you
A world on my own
Without your love
My heart would turn to stone
A world without you
A day without light
Without your touch
I couldn't stand one night
Oh Michelle

I know there'll be no better heart
No better heart to hold on to
If you should ever let me down
I can't survive

Michelle, how I love when we love
And I love when you whisper "je t'aime"
Michelle, mon amour
Is it true?
Do you feel the way I do?

A world without you
A world on my own
Without your love
My heart would turn to stone
A world without you
A day without light
Without your touch
I couldn't stand one night
Oh Michelle

C'est toi
Et ce soir je te veux faire l'amour avec toi
Je t'aime
Je sais mon amour que tu es que tout
Le seul pour moi

A world without you
A world on my own
Without your love
My heart would turn to stone
A world without you
A day without light
Without your touch
I couldn't stand one night
Oh Michelle
