

Chains Of Love

Bad Boys Blue

I lose my direction. My world is tumbling down.
I need your protection. Can't get my feet on the ground.

And around goes my mind every night.
I've got a vision. I've got a vision.

Chains of love. Have chained me close to you forever.
Chains of love. Too strong to break in two.
Chains of love. They're tearing me apart.
And one day they will oppress my heart.

You made your decision. To leave me alone in the night.
And then I got the vision. I feel I'm losing the fight.

And around goes my mind every night.
I've got a vision. I've got a vision.

Chains of love. Have chained me close to you forever.
Chains of love. Too strong to break in two.
Chains of love. They're tearing me apart.
And one day they will oppress my heart.
