

# Dancing With The Bad Boys

Bad Boys Blue

As you see  
Like me  
We can get you in a groove  
When you feel  
It's real  
And will not be confused  
Standing all alone and  
As a pair on the floor  
Keeping on the go  
As you know

Dancing with the bad boys  
Dancing all night long  
Dancing with the bad boys  
Dancing all night long  
Nah, nah, nah, nah, nah  
Nah, nah, nah, nah, nah  
Nah, nah, nah, nah, nah  
Nah, nah, nah, nah, nah  
Nah, nah, nah, nah, nah

It's light  
Its alright  
You can boogy to the beat  
We'll mellow  
Like jello  
Shaking on every street  
I say  
Hey people, do you know the way?  
Let's get together  
And then you will start to stay

Dancing with the bad boys  
Dancing all night long  
Dancing with the bad boys  
Dancing all night long  
Nah, nah, nah, nah, nah  
Nah, nah, nah, nah, nah  
Nah, nah, nah, nah, nah  
Nah, nah, nah, nah, nah  
Nah, nah, nah, nah, nah
