

Gimme Back My Love

Bad Boys Blue

You're driving me crazy
My life so hazy since you've been gone
I've lost all my pride
No I can't carry on
Now my friends are talking
About the state that you'd left me in
It's hard to survive
When your loving can't win

Gimme back my love
Gimme back my heart and my soul
Baby
Gimme back my love
Gimme back my heart and my soul

Wake up one night shakin'
My heart is breakin'
It's over now
My souls on the line
Now I'm doing time
I tried to forget you
No, I won't regret you
Now that you're gone
I'm cheating myself
I just can't go on

Gimme back my love
Gimme back my heart and my soul
Baby
Gimme back my love
Gimme back my heart and my soul
