

Lady Blue

Bad Boys Blue

Here she comes. The queen of hearts.
Here she comes. It's tearing me apart.
Don't walk on by. Don't make my heart cry.

Lady blue. Love me too.
Lady Blue. Only love can save me.
Rescue me from loneliness.
Save me with your sweet caress.
Lady Blue don't be cruel.

Here I stand, a loving fool.
Waiting for the paradise.
Promised by, by your blue eyes.
When she walks. It turns me on.
When she talks. It's really getting strong.
Now love's taking shame. And you, you can't escape.
