

Make My Dreams Come True

Bad Boys Blue

You
I'm just thinking of you
You're always on my mind
There's nothing I can hide
You're a part of me now

You
Always on the run
No time to look at me
And feel the heat of my love
I'm dying alone so...

Make my dreams come true
Make me believe in you
You're the sunshine in my heart lady
Like a diamond shining bright

Love
Is burning in my heart
Like a signal in the dark
I'm calling you on the phone
Will you answer?

Please
I can't lie to you anymore
Keeping my secret no more
I need you to know right now
I really love you

Make my dreams come true
Make me believe in you
You're the sunshine in my heart lady
Like a diamond shining bright
