

Sweet Love

Bad Boys Blue

Sweet, sweet love
Won't you save me?
Cause all I've got to give
I would give it for you
Give it just for you

Another broken hearts
Another endless lullaby
But i can't stay apart
I've tried
Now everything is gone
I need to feel your warm embrace
I never want to say goodbye

Sweet, sweet love is all around me
Wherever I stay
Sweet, sweet love
Won't you save me?
Cause all I've got to give
I would give it for you
Give it just for you

Wish I can bring myself
To offer you a helping hand
Would you perceive this little sign

Sweet, sweet love is all around me
Wherever I stay
Sweet, sweet love
Won't you save me?
Cause all I've got to give
I would give it for you
Give it just for you
