

Take A Piece Of My Heart

Bad Boys Blue

Last night when we were together.
No more promises, no more words that I used to say.
We thought that this could last forever.
Oh, it felt sometimes you and me belong together.

Take a piece of my heart while you're away.
I'll be waiting for you day after day.
Take a piece of my heart.
Why don't you care for me?
Take a piece of my heart while you're away.
I'll be waiting for you day after day.
Take a piece of my heart.
Why don't you care for me?

Your love keeps my heart in motion.
It's still keeps me strong even know you're far away.
We can't live without each other.
Don't know how to say that we still belong together.

Take a piece of my heart while you're away.
I'll be waiting for you day after day.
Take a piece of my heart.
Why don't you care for me?
Take a piece of my heart while you're away.
I'll be waiting for you day after day.
Take a piece of my heart.
Why don't you care for me?
