

Love. I can give it.  
To everyone who opens up.  
Soft. Ain't a limit.  
You can't be sure you will ever know.  
Once you believe it. You take my word.  
I won't give up. Yeah.

The world is full of illusion man. Be my baby.  
If you can.  
Now our worries are losing and they won't stay.  
Listen to what I got to say.

U'N'I can hold it on. Love will keep us together.  
U'N'I can hold it on. As long as we're working together.  
And I will always.  
(Don't Don't Don't). (Don't Don't Don't).

Close. You can give it.  
To everyone who opens up.  
Soft. Ain't a limit.  
Let me be sure. You will ever know.  
Once I believe it. Give me your word.  
You won't give up. Yeah.

The world is full of illusion man. Be my baby.  
If you can.  
Now our worries are losing and they won't stay.  
Listen to what I got to say.

U'N'I can hold it on. Love will keep us together.  
U'N'I can hold it on. As long as we're working together.  
And I will always.  
(Don't Don't Don't). (Don't Don't Don't).

See the fact. Make them high.  
Old man see the fact!  
You got to put it cause you're getting back.  
Go man! Make them high.  
Don't let them down. Gotta let them fly.

The world is full of illusion man. Be my baby.  
If you can.  
Now our worries are losing and they won't stay.  
Listen to what I got to say.

U'N'I can hold it on. Love will keep us together.  
U'N'I can hold it on. As long as we're working together.  
And I will always.  
(Don't Don't Don't). (Don't Don't Don't).
