

Victim Of Your Love

Bad Boys Blue

Oh no, no! Please don't tell me nothing.
Oh no, no! Why did you close the door?
You said you love me girl. I see you clear.
I know this can't be real.
And then you fool around.
My heart is really what you want to steal.

I was trapped in your emotion.
But I never had the notion.
I was the victim of your love!
Breakin' down.
I was the victim of your love!
Blind and deaf.
I was the victim of your love!
I was breakin down.
I was the victim of your love!
Blind and deaf.
Oh no, no!

And when you hold me tight.
Your love is all so warm and feels so right.
I touch your fingertips.
So come on girl.
Let me kiss your lips.

Let me be! Let me be!
