

You And I

Bad Boys Blue

You and I
Flying on a cloud of love
You and I
We are feeling so free
You and I
Born under the same sun

Come with me
Together Forever

You and I
Till the end of time my love
Until we die my love
We'll be together
Till the end of time my love
Until we die my love
We'll be together

You and I
Players in the game of love
You and I
Hand in hand, heart to heart
You and I
Sharing our golden dream

Come with me
Together Forever

You and I
Till the end of time my love
Until we die my love
We'll be together
Till the end of time my love
Until we die my love
We'll be together
