

# Gone, Gone, Gone

Bad Company

Well, I been havin a little trouble lord  
But I'm keepin it together yeah  
My baby just walked out the doors  
She said this time forever

It ain't the first time baby  
Baby it wont be the last  
I'd better get the boys round  
And do some drinkin fast

Cause she's gone, gone, gone  
I dont know if I'm happy  
I don't know if I'm sad  
She's gone gone gone  
I dont know if i'll cry  
I dont know if I'll die laughin

Well I'm gonna miss your lovin  
And your perfume and your smile  
I'm gonna miss your stealin all my booze  
And talkin all the while  
I'm gonna miss you cleanin round the home  
And helpin with my blues  
You know I think I'll get myself a maid  
And take her on a cruise

It ain't the first time baby  
Baby it wont be the last  
I'd better get the boys round  
And do some drinkin fast

Cause she's gone gone gone  
AI dont know if I'm happy  
I don't know if I'm sad  
She's gone gone gone  
I dont know if I'll cry  
I dont know if I'll die laughin

It ain't the first time baby  
Baby it wont be the last  
I'd better get the boys round  
And do some drinkin fast  
Cause she's gone gone gone  
I dont know if I'm happy  
I don't know if I'm sad  
She's gone gone gone  
I dont know if I'll cry  
I dont know if I'll die laughin
