

Holy Water

Bad Company

In my life, there's been changes
But nothing seems to satisfy me the way you do, no
You make it easy, the way you please me, everytime I'm close to
you

All this temptation, I can't see wrong from right
It's a new sensation, you know I'm blinded by the light

(Feels like) I'm walking on holy water
Feels like I'm walking on sacred ground, baby
(Feels like) I'm walking on holy water, everytime (that) you co
me 'round

You were all I ever wanted, never had a girl in my life 'til I
met you, oh no
I got a certain feeling, you got my senses reeling
Whenever I get close to you

You're my salvation, I found you just in time
My one temptation, you know I can't believe you're mine

(Feels like) I'm walking on holy water
Feels like I'm walking on sacred ground, baby
(Feels like) I'm walking on holy water, everytime (that) you co
me 'round

Ooh yeah, it's funny how it see,s like yesterday, lovin' of the
first degree
One word was all I heard you say, ooh baby
It's funny what you've done to me, just wanna see you run to me

All this temptation, I can't see wrong from right
It's a new sensation, you know I'm blinded by the light

Feels like) I'm walking on holy water
Feels like I'm walking on sacred ground, baby
(Feels like) I'm walking on holy water, everytime (that) you co
me 'round
