

# Love Attack

Bad Company

You hit me with a body blow, you hit me fast, then you hit me slow  
You knock me out with the way you look  
You have me hanging, baby, on your hook

I think about you all day and all night, my friends all swear I  
'm going insane  
Now I don't care who is wrong or who's right, 'cos you're the cure for my pain

I'm coming down with a love attack, I surrender, I can't turn back  
Coming down with a love attack, stay with me the rest of my life

Lay a little love on me

You don't know what you've done to me  
You hit me hard, but you still can't see  
I need your love every single night, I don't know why it feels so right

I got the fever, I sure got it bad, you touch me and my heart catches fire  
I can't find it, you're driving me mad, you send my temperature higher

and make a little love

Every thought seems to lead to you, I can't decide what I'm gonna do  
There's only one thing that can put this right  
I'm gonna tell you how I feel tonight

I got the fever, I sure got it bad, you touch me and my heart catches fire  
I can't find it, it's driving me mad, you send my temperature higher

I'm coming down with a love attack, coming down  
I'm coming down, there's no turning back, coming down
