

# Stranger Than Fiction

Bad Company

Could never be what they want him to be, he's stranger than fiction

And he's got no past, he's a mystery, but he's got ambition  
And there's always been a mountain to climb, and this one's just higher

But he shows no fear, it's just a matter of time  
You know, he's always been a fighter, yeah

There's no need to ask him why, yeah, you can see it in his eyes

Yeah, he's shooting for the sky, yeah

If we're right, no one shall fight it, no  
That good boy won't be slain, oh no  
And the young will fight all the powers above  
Till the world knows his name, till they know his name

No one knows what he's feeling inside, he's burning with passion

There's only one way out, he's gotta get that right  
He wants to go straight to the action, yeah

Sometimes it seems so long, yeah, but his passion is so strong  
And something makes him carry on, oh yeah

If we're right, no one shall fight it, no  
That good boy won't be slain, oh no  
And the young will fight all the powers above  
Till the world knows his name, till they know his name

He'll do what he has to do, to be part of the game  
Yeah, he knows what he'll have to go through, till the world knows his name

Yeah, there's no need to ask him why, you can see it in his eyes

Yeah, he's shooting for the sky, yeah
