

Inner London Violence

Bad Manners

Rude Boy went in handsome hats
Policeman knocking with a rat-a-tat-a-tat
Them bored around the streets at night
They're not looking but they find a fight
I say inner London violence
Inner London violence
Inner London violence
Inner London violence
Policemen coming there's no relief
Even your best friend is a thief
Soon locked up in your council flat
Machine gun go a rat-a-tat-a-tat
I say inner London violence
Inner London violence
Inner London violence
Inner London violence
Hey hey hey
