Like a rock, like a planet, like a fucking atom bomb, I'll remain unperturbed by the joy and the madness that I encounter everywhere I turn

I've seen it all before In books and magazines like a twitch before dying like a pornographic sea

There's a flower behind the window there's an ugly laughing man like a hummingbird in silence like the blood on my door

It's the generator

Oh yeah, oh yeah, like the blood on my door wash me clean and I will run until I reach the shore

I've known it all along like the bone under my skin like actors in a photograph like paper in the wind

There's a hammer by the window there's a knife on the floor like turbines in darkness like the blood on my door

It's the generator $\$

Oh yeah, oh yeah, like the blood on my door wash me clean and I will run until I reach the shore
