Bad Religion

Mother, father, look at your little monster,  
I'm a hero, I'm a zero,  
I'm the butt of the worst joke in history,  
I'm a lock without a key,  
a city with no door, a prayer without faith,  
a show without a score,  
I'm a bad word, a wink, a nod, a shiver,  
an untold story, sex without fury,  
a creeping gray memory,  
I am incomplete incomplete incomplete

Doctor, cure me; What is the cause of my condition,  
this madness shoots me,  
like bullets smashing glass in a silent movie,  
I'm a trap without a spring,  
a temple with no god,  
a jack without an ace,  
the tip of your tongue,  
I'm a promise, an unmailed letter,  
an unbuilt motor, deck without a joker,  
a creeping gray memory  
I am incomplete incomplete incomplete

Tell Saint Peter not to bet on me,  
I got a naked obsession,  
a good intention gone bad,  
I am incomplete incomplete incomplete
