

Popular Consensus

Bad Religion

Some people are almost impossible to live with.
Some people have faith in the craziest things.
They follow outdated conventions that were recorded.
But most of it, to me, all sounds insane.

Maybe it's all you need to get you through the night.
Maybe you've seen the light.
But you know that popular consensus doesn't make it right.

Nothing can go on while forever increasing.
The universe expanding is a different thing.
But to turn a nasty habit into a virtue
Can't replace the need for charity.

Maybe it's all you need to get you through the night.
Maybe you've seen the light.
But you know that popular consensus doesn't make it right.

Like the seed of all creation or a doomsday scheme,
The future might be bright or bleak.
But you know that popular consensus doesn't mean much to me.
