

Because I Love You

Badfinger

Because I love you You're always on my mind
I'm thinking of you Somehow life is fine today
Knowing you're here to stay Going together ways

Because you love me I'm never lonely now
You're thinking of me It keeps my heart from breaking, yeah
Knowing you love me too Letting me know it's true

Now my life has changed so many ways
But I sure don't miss the good old days

Because I love you I'll stop the world from turning
Because I love you I'll stop the sun from burning, yeah
Knowing you love me too Letting me know it's true

And I wouldn't change a minute Of all that we've been through
Because I love you
Because I love you
Because I love you
Knowing you love me too
Letting me know it's true
Because I love you
Because I love you
Because I love you

Oh, because I love you
Oh, because I love you
Oh, because I love you
Oh, because I love you
Oh, because I love you
