

It Had to Be

Badfinger

Had to be, don't look back, you're older
Take it from me
Love you have is stronger

And in your eyes I see myself
I want from you what you want of me
And you know
The love you have is stronger

It had to be, don't look back, you're older
Ahh, ahh

And in your eyes I see myself
I want from you what you want of me
And you know
