

# Moonshine

Badfinger

Baby shine a light on me tell what you're gonna be everythings  
alright  
You're in my thoughts tonight  
Passing by moonshine moonshine  
One and one is three is that the way it's gotta be the world is  
yours is mine  
To live in cool delight  
Passing by moonshine moonshine

Looking at tomorrow with hope inside your heart hoping we coul  
d try to make it better  
Knowing youre beside me though we're far apart living in the lo  
ve that in between us now

Babe become a part of me break my heart and set me free yours i  
s lonely skies  
Youre in my thoughts tonight  
Don't ask me why moonshine moonshine  
Looking at tomorrow.....

But you hear me brighter dawn happiness of blue  
see me through the darkest reasons love is all of love is all o  
f love is all of you

Moonshine moonshine moonshine
